Safety recognition to Elsamex Internacional

Principales temas:

- Reconocimiento TIGER PERFORMANCE durante La reunión Kick Off.
- Auditoría Seguriad, Salud Ocupacional y Medio Ambiente.

Our works

Currently, Elsamex International through Petrol Stations Area is implementing contracts of preventive and corrective maintenance of service stations in Colombia, Ecuador and República Dominicana with Exxon Mobil, attending various jobs in more than 350 service stations in these three countries. In Colombia

there's also an image maintenance contract for 280 service stations over the country with Chevron Petroleum Company.

During March Elsamex Internacional had recognitions for the good safety performance in the execution of works in service stations.

TIGER PERFORMANCE award

The past March 12, 2009, ExxonMobil held in Bogotá the annual security meeting "Kick Off" with its contractors of Colombia and Ecuador. During the event, Elsamex Internacional was awarded with the TIGER PERFORMANCE prize, recognition which is given annually to the contractor with the best safety performance in the proactive implementation of Safety System's tools in their daily operation and

improvement.

To Elsamex Internacional it's an honor to receive this award for its performance in the three countries, as it demonstrates the efforts that we have made to accomplish the 100% of the safety goal.

It is also gratifying to receive the congratulations and recognition from who

during the last four years have seen our works and have recognized the commitment of Elsamex Internacional.

TIGER PERFORMANCE

A W A R D

Presented to:

Elsamex Internacional

For best overall performance in service station construction and maintenance in 2008

Safety, Occupational Health and Environment audit

Score
98%

In addition, the 25th and 26th of March, 2009, we had in Colombia the annual Safety, Occupational Health and Environment audit conducted by the *Consejo*

Colombiano de Seguridad (Colombian Safety Council) which applies to all the hydrocarbon's contractors of the country. This audit is an

essential requirement to keep working with petroleum and some public companies.

In this documentary and field audit, we got a score of 98%, which demonstrates the effort and management of the entire Colombian Delegation team to maintain the quality and

excellence standards in all safety matters, in our internal operation and in the works developed for our clients.

With this score we have left high the narre and commitment of Elsamex Internacional and acquired a new challenge to keep this level of excellency.

Field audit during works of image maintenance of TEXACO service stations.

(Contract with Chevron Petroleum Company)

Field audit during works in confined space of ExxonMobil service stations.
